

Tax Rate For Levee District Up 2.7 Cents

New Rate is 45 Cents;
Area's Tax Books to go
To Collectors Soon

Granite City tax books will be completed late this afternoon by using last year's tax rate of 45 cents per \$100 valuation for the East Side Levee and Sanitary district, and will be ready for delivery to the office of City Treasurer E. R. "Pat" Rich in the next few days, Miss Eula Hutz, Madison county clerk, said today.

Application of the 45-cent rate for the levee district will add another 2.7 cents per \$100 valuation to the total rates announced a month ago for Quad-City area taxing agencies located within the boundaries of the levee district. Miss Hutz said the books were computed by using the old 45-cent levee district rate for the 1964 year to determine the Quad-City area's tax rates in furnishing a new rate for the 1965 year.

She said her office now has extended all levee district rates in the Quad-City area on last year's rate of 45 cents as fixed by St. Clair county, rather than the old 42.5-cent rate used by Madison county for tax extensions last year.

The county clerk pointed out that the rate of the previous year was also used a year ago in completing tax books for 1964.

Sets Collection Date
Rich told the Press-Record that from six to eight weeks will be required to compute and prepare tax bills for Granite City. He said a tentative date of June 15 for the start of tax collections.

Miss Hutz said the tax staff is working today on Venice township tax books and expects to complete work on Venice, Nemo and Chouteau township books by the end of this week or early next week. This is a month later than the books would have been completed if the clerk's office had received a levee district rate from St. Clair county or normal schedule.

"When we were unable to get a rate figure for the levee district from St. Clair county by April 1, I decided to follow past practice and use the rate of the previous year to allow us to go ahead with the 1965 tax books," Miss Hutz said. She pointed out that such procedure had been held legal by State's Attorney Joseph Beadle and has been used for the past several years.

Total rates for taxpayers living in municipalities and townships of the Quad-City area, through application of the levee district figure of 45 cents per \$100 valuation, will be:

Granite City, total rate of six taxing agencies \$4.085; Madison, six taxing agencies \$4.19; Venice, seven taxing agencies \$3.66; Ponton Beach, seven taxing agencies \$3.88; Nemo, seven taxing agencies \$3.78; Chouteau township, six taxing agencies \$3.65.

Maryville Road Work Gets Under Way Here

Work is under way on the Maryville road widening and paving project, according to Harry Kluge, county highway superintendent.

The contractor, Calhoun County Construction Co. of Springfield, has 177 working days to complete the job. Preliminary work currently includes provisions for culverts and moving utility lines.

Burglaries at 2 Businesses, 2 Homes Here

Thirteen Quad-City area thefts reported during the weekend included burglaries at two business places and two homes. There were thefts from two other homes.

About \$150 was stolen in a burglary at the Superior Auto Body shop, 1431 Iowa street, it was reported at 6:30 a.m. today. The money was in a metal cash box in a locked desk drawer which was pried open. The office was ransacked. Entry was gained by prying the side door.

Liquor Store Burglary
More than \$200 was stolen in a burglary at the Na-Bor-Hood liquor store, 2530 Nannooki avenue, after 1 p.m. today.

The store included more than \$144 in a cigar box stored in the liquor room, and about \$90 from a "cuss" box. Money also was taken from a juke box and bowling and cigarette machines. Entry was gained by forcing the front door.

A 19-inch portable television and a clock radio were stolen in a burglary at the home of Harold Barney, 203 Hill street, Eagle Park Acres, between 6:15 a.m. and 5:30 a.m. Thursday, he reported to the county sheriff's office at 8 p.m. Entry was gained by breaking the back door glass.

Roads, Reels Stolen
Five or six fishing rods and reels valued at \$85 were stolen in a burglary at the home of Alfred Gansert, Bend road, between 5:30 and 10 p.m. Friday, it was reported to the sheriff's office. Entry was gained through a small window, and a witness said several small boys were seen in the area at the time.

A strong box containing \$500 cash, valuable papers and a bank book was stolen at the home of Lula Whitehead, 2238 Dewey avenue, she reported at 10 p.m. today.

GC Vote Breakdown
A breakdown of the vote at last night's election for the Granite City district vote totals—331 each.

Venice incumbents, Michael Leathers, who is in charge of the school district, and Fred Rumpf, received vote totals of 143 (Leathers) and 133 (Rumpf).

Heaviest voting in the Granite City school district was at Niedringhaus school where 200 ballots were cast. Second highest was at Frohardt school with 197. The smallest turnout was at Lake school on East 23rd street, where only 14 voters appeared.

Equal Votes in Madison
In Madison, William Schreiber, incumbent, and William Vavra, who ran instead of Dr. Steve Geroff, received identical vote totals—331 each.

Land Use Data Almost Non-Existent — SWIMAPC Reports
(This is the third in a series of articles relating to the two-year planning study of Madison and St. Clair counties, completed recently by the Southwest Illinois Metropolitan Area Planning Commission.)

Land use data—vital to proper planning of any type development—has not been centralized or coordinated in Madison and St. Clair counties, and the variety of data that is available for some areas of the two counties is not standardized, with major gaps between area inventories, it is set out in a sectional report of the SWIMAPC planning study.

Because of this, the planners say, the need is great for the formulation of an overall land use plan for the bi-county area, although "a great deal of field work would have to be done to complete an accurate land use assessment of this area."

Reorganization Tonight;
Light Turnout of Voters
In All Three Districts

Monday night, when Ronald Dillard, incumbents, scored easy victories in Saturday's school board election in Granite City, winning 5-to-1 and 4-to-1 over Harry Tongay, who was making his first bid for public office.

Only 1187 voters went to the polls, and the unofficial tallies showed Worthen received 1028; Dillard, 885; and Tongay, 191.

In the Madison and Venice school board elections where candidates were running unopposed, the voter turnouts were even lighter—353 in Madison and 446 in Venice.

ferent in detail or degree. Of necessity, it is concluded in the study, solutions must be such a nature that they can be integrated into the existing activities of the present system.

"It is essential for the proper development of the area that some form of coherent land use structuring is created by which a complete land use survey can be arranged to achieve maximum benefit and to minimize adverse relationships and effects," the report states.

In addition, the report on land use mentions that a basic mapping program is one of the immediate and urgent needs of the two-county area and should precede a complete land use survey and analysis. An integrated updating system would have to be established to make the survey a meaningful, coordinated system and in order to maintain a workable comprehensive plan for the area.

Lack of Concern
Among major findings of this section of the study is the conclusion that "there has been a lack of sufficient concern with

WRECKED AUTO of Robert Bunker, 1343 Meridian street, which was struck at 12th and State streets about 7:45 p.m. Saturday by a motorcycle on which two young men were riding. Both men on the motorcycle were killed.

35 Injured in Area Traffic; 36 Mishaps

In addition to the two fatalities described in another article, 35 persons suffered injuries of varying degrees in weekend Quad-City traffic. There were 36 accidents, 13 involving injuries and 23 without injuries.

A two-auto crash at Route 14 and Chain of Rocks road injured seven of the eight occupants at 11 a.m. Saturday.

It was learned that William Buckner, 63, of 3606 Kirkpatrick Homes was driving north on Route 111 and making a left turn to go toward Mitchell. The other car was traveling south on Route 111.

Buckner is in fair condition today at St. Elizabeth Hospital with contusions to the forehead, nose, right elbow and left knee, and back and right chest injuries.

His brother, Walter L. Buckner, 73, Detroit, Mich., a passenger, was knocked unconscious but has since awakened. Also in fair condition at the Granite City hospital, he has a scalp laceration and three fractures of the left leg. He is to undergo surgery today.

Five Altonians in the other car were treated here and transferred to the Wood River Township Hospital. They were Homer Dunn, 62, chest, rib and right leg injuries; Dunn's wife, Ruby, 58, cuts and bruises to the forehead, left arm and right leg; and three children, 11, 10 and 8 years old.

Subject to approval by the Bi-State Agency commissioners at their regular meeting April 27 and later by the Interstate Commerce Commission, the proposed fare changes are estimated to produce additional annual gross revenue of between \$650,000 and \$700,000, C. R. E. Smyser Jr., Bi-State executive director, said. If approved, he added, the fare revisions may start in five or six weeks.

Local Fares
Under the proposed rates, the 50-cent roundtrip fare, good at all hours for local service, non-transfer riders in the Tri-Cities area, will not be changed. Also, the 40-cent off-peak roundtrip ticket will be continued for the Tri-City shopper.

Fares of local commuters to St. Louis will not increase, unless a transfer is required. In such instances, local persons will be encouraged to buy the proposed "Silver" pass at \$3.75 weekly, representing an increase of 25 cents over present weekly passes.

3 Undergo Surgery
The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Thursday at St. Elizabeth Hospital:

Edna Carter, 2512 Grand avenue; Peggy Grindstad, Rural Route 4, Edwardsville; and Audrey Hazelwood, 2929 Miracle avenue.

Recommendations that a citation be issued for an early public hearing on installation of protective devices at the hazardous Maryville road crossing will be made to the Illinois Commerce Commission immediately, representatives of the ICC promised here Thursday afternoon.

The assurances of early action were made by James Parker, Springfield, assistant chief executive officer of the ICC, and St. Louis, also of Springfield, assistant chief executive officer of the ICC, who arranged the meeting. The ICC is the Tri-Cities Chamber of Commerce of Granite City with a delegation of the Organization for Community Action, and civic leaders.

Both Parker and Stern told the group that "we are thoroughly convinced of the need for protection at the crossing and will recommend to the commission that it issue a citation. Usually the scheduling of a hearing under a citation takes about a month, but due to the urgency of this situation it may be possible the hearing can be set sooner than that."

Parker and Stern also told the meeting that they did not think the group should settle for any type of crossing protection other than gates and warning signals because of the peculiarity of the rising approach to the four sets of tracks from either side.

The two engineers visited the Maryville crossing for a personal inspection prior to the meeting

Auto-Motorcycle Crash Kills Two Men in Madison

Crash Victims
Both on Cycle Die;
Woman Passenger in
Auto is Hospitalized

Two Quad-City young men were killed at 7:45 p.m. Saturday when the motorcycle on which they were riding crashed into an auto making a left turn at 12th and State streets.

Killed when hurled from the cycle were James Clyde Serini, 26, of 1927 Third street, East Madison, owner of the cycle, and Danny Eugene Ray, 21, of 1106 Grand avenue, Madison.

Injured in the crash was Mrs. Ivy Bunker, 1343 Meridian street, a passenger in the auto driven by her husband, Robert, 58. She was hospitalized here with multiple cuts and scratches to her forehead.

Both Serini and Ray were pronounced dead upon arrival at St. Elizabeth Hospital. Joint funeral services will be held for them tomorrow afternoon at a Madison funeral home.

At Madison Traffic Deaths
Madison police, who noted the two deaths were the first in Madison this year, said Bunker was driving his auto south and was making a left turn when his car was struck by the northbound motorcycle.

The Madison police did not see the cycle until it was too late to swerve out of the way. The cycle struck the right front of Bunker's auto, and both cyclists were hurled through the air. Witnesses said one cyclist landed on the hood of Bunker's auto and the other in the driveway at Oscar's Service station.

Employed at Laclede
Serini, a native of Quad-City, was a steelworker employed at Laclede Steel Co. for the past three years. He resided with his mother, Pearl Serini, at the East Madison address.

Other survivors include five children of E. Clyde Serini, both of Granite City: Robert and William Serini, both of Madison and Earl of Citrus Heights, Calif.; and three sisters, Mrs. Robert (Dorothy) Gregory and Mrs. Richard (Shirley) Beck, both of Granite City; and Mrs. Freeman (Doris) Vining of Jacksonville, Fla.

Ray, 21, also a native Quad-Cityer, had been employed at the Granite City Army Depot since 1964.

Quick Hearing Promised by ICC Engineers

which began at 2:30 p.m.

To Seek Early Setting
State Senator Paul Simon of Troy and State Representative Lloyd "Curly" Harris of Granite City, who arranged the meeting, were present and Rep. Harris told the group that he would meet with the chairman of the ICC in an attempt to obtain an early setting of the public hearing.

Rev. John N. DiGiacomo of the Mitchell Presbyterian Church was chairman of the Organization of Community Action committees which presented its case in the meeting. Also attending the session from the Community Action organization were Kenneth Beasley, Mrs. Juanita Barnes, president of the organization; Mrs. Pauline Sellner, secretary of the organization; and Mrs. Alma Walk.

Mrs. Walk told Parker and Stern that many people in the Hill Terrace area use the crossing and that additional danger lies in the fact that trains going in opposite directions frequently meet in the vicinity of the crossing.

Mrs. Sellner reported that a check had been made at the crossing which showed eight trains passing over the crossing in a 45-minute period.

Parker told the meeting that if the crossing were to be installed, the cost would range from \$50,000 to \$75,000, which would be shared 90% by the state and the county and 10% by the railroads.

Union Starch Co. Sued Over Damage to Auto

Tom Nagel, who had been employed as a Pinkerton Detective agency guard during the strike at Union Starch & Refining Co. last September, has filed suit against the industry for \$420.90 plus costs to cover damage sustained by his auto outside the plant.

The complaint in circuit court alleges that last Sept. 7, after he unsuccessfully tried to enter the plant, a group of pickets descended upon his auto and turned it over. The complaint said plant officials had agreed to pay for the damage but has not done so. He seeks \$370 for damage to the car, \$32 for broken eye glasses, \$15 for a towing bill and \$3.90 for motor oil which drained from the engine. The case is to be heard in magistrate's court.

NEARING COMPLETION at Arlington Heights

are the first two of 12 four-unit apartment buildings of French Provincial design.

New Apartments Nearing Completion

The first units of a 48-apartment development at Arlington Heights, east of Granite City at Arlington Golf Course, are expected to be ready for occupancy in two weeks, it was announced today.

Six French Provincial style apartment buildings — four units each — are now under construction with two to be completed within a short time.

The development firm is Fairway Estates, headed by George Fickert Jr., local attorney, and James Krenn is the contractor. The brick and shingle apartment buildings will contain two and three-bedroom units, each with 1 1/2 bath, carpeting, air conditioning and full-equipped kitchens. The rent will be \$125 a month for the two-bedroom units and \$150 for those with three bedrooms.

Each apartment building has a full basement for laundry and storage facilities. The developers point out the apartments are within walking distance to the 18-hole Arlington golf course.

Airman Frank Bautsch Is Home on Leave

Airman Frank Bautsch Jr., 19, son of Mrs. Frank Bautsch, 1908 St. Clair avenue, is home on leave after completing Air Force basic training at Lackland AFB, Texas.

He will leave for Paine AFB, Everett, Wash., on April 19 to train for an Air Police unit. Before entering the Air Force a month ago, he was employed at J. C. Rantl Bottling Co.

Tea and Book Review For Scholarship Fund

Mrs. Marian Stuhl, a well-known St. Louis book reviewer and script writer, will be a special guest at the annual tea and book review of the Granite City Chapter of the American Association of University Women to be held at 2 p.m. Saturday, at St. Peter United Church of Christ, 21st street and Cleveland blvd. Proceeds will be used to aid the Granite City Scholarship Foundation.

The guest speaker will review "Do I Hear a Waltz," the Richard Rogers musical production, currently showing on Broadway. Mrs. Stuhl has written scripts for the Dr. Christian radio series and narratives for several pageants performed by the St. Louis YMCA and the St. Louis Junior League.

Tickets at \$1 per person presently are being sold by chapter members, Mrs. Ruby Foster, president, said today. Miss Marguerite Barker is supervising arrangements for this year's event.

Flying Farmers' Fly-In Breakfast

—Bi-State Parks Airport, near Cahokia, will be the scene of a fly-in breakfast Sunday for "flying farmers" residing in Illinois, Indiana and Missouri. Members of the Cahokia Jaycees will host the affair, which will include nine competitive events for the pilot-farmers and their families.

Gemini exhibits from McDonnell Aircraft Corp., will be displayed. Jaycees members report, together with scores of new aircraft. Breakfast will be served from 8 a.m. to noon.

Judges will award trophies for spot landing techniques; the largest flying farmer family group to register; prettiest flying farmer's wife; the pilot-farmer who attends from the greatest distance; the person having the lowest pilot license number still active; and for the oldest aircraft flown in. Three additional trophies will go to the best appearing aircraft over 20 years old; over ten years old; and of any age.

Autos Crash on Curve

West of Granite City involved in a collision about 8:15 p.m. Saturday on the Route 3 curve just 2-mile west of West 25th street were auto driven by Joseph Hall, 46, of 2037 Dewey avenue, who was driving onto the pavement to go north, and the northbound auto of Owen Davis, 38, of 4147 Division street.

Hall was ticketed by state police for a right-of-way violation charge.

MORE ABOUT Land Use Data

point up the most critical need for planning at the earliest possible time. These findings include:

1. Land use surveys have either been superficial or not conducted at all for some areas; many existing surveys are out of date; a variety of classification systems have been used; and that data which has been collected is often too generalized for meaningful use or analysis.

Lack of Recreation

2. There is a general lack of cultural and recreational facilities in the area; while it would be unwarranted for the Madison-St. Clair county area to duplicate or compete with many of the St. Louis cultural attractions, such as the St. Louis symphony and others, "it would be advisable to have these attractions supplemented by more locally oriented cultural attractions and facilities within Madison and St. Clair county.

3. Retail shopping facilities do not appear to be adequate in the two-county area. There is only one general department retail chain store with three locations in the two counties. Several independent and chain so-called "discount stores" are located in the area.

Other shopping is confined to smaller retailers in municipalities and a few shopping centers. Downtown St. Louis, Inc., estimates that 35% of the business in downtown St. Louis comes from Illinois residents, although the Illinois area contains less than 25% of the area's total population.

4. Service extensions have been often inadequate, poorly planned or even non-existent. These include — Water: The water reserves of some communities is considerably below recommended minimum and in case of water plant failure or a major fire probably would be inadequate.

Some waterline extensions have been made without adequate land use forecasts to determine long range demand or anticipated development.

Sewers: sanitary sewer service is non-existent in a few small incorporated areas and in parts of other communities where homeowners, commercial establishments and even public institutions such as schools must rely on septic tanks.

Safety: police and fire protection is often too inadequate in high density unincorporated areas.

Health: Although present hospital needs appear to be adequate for the present, expanding population will require additional hospital facilities. The location of these facilities should be carefully predetermined for maximum benefit.

Schools: consideration should be given to consolidating smaller school districts and to splitting up larger districts as the population increases. Accordingly, school locations will have to be accurately determined on the basis of sound projections.

Rte. 270 Bridge, Job Still Idle

Work on the Chain of Rocks bridge spanning the Mississippi, only incomplete link of Interstate Route 270 between Missouri and Illinois, remained at a standstill today.

Concrete parapet work and installation of handrails and lighting would require two to three months "at most" to complete, according to John W. Laytham, chief district engineer of the Missouri Highway department which is supervising the bridge contract work.

Laytham said today that Ruckman & Hansen, Inc. of Fort Wayne, Ind., contractors, have failed to resume work on the bridge, although Phil N. Ruckman, president of the firm, said a month ago that concrete pouring would begin on April 1.

Laytham pointed out that weather has been ideal for the past three weeks for the type of construction work remaining on the bridge. Ruckman discontinued work on the bridge last November on grounds that the weather conditions at that time would make the cost of concrete work prohibitive.

The highway department has written Ruckman urging that the delay, Lythamickin firm resume construction immediately, Laytham said, but has received no word from him. Laytham pointed out that unless the contractors resume work, it may be necessary to declare the firm in default and request the bonding firm, the Continental Casualty Co., to finish the job.

The Ruckman & Hansen firm says it has lost \$500,000 on the \$600,000 bridge contract and that the loss has caused financial difficulties for the firm. A penalty of \$250 per day has been accruing against the contractors since Nov. 22.

GC Board of Education To Reorganize Tonight

The Granite City school board will reorganize tonight after canvassing returns of Saturday's board election. Board officers for 1966-67 will be chosen and the meeting time and day will be designated.

Earlier in the 7:30 meeting, the board will act on resignations, firings, Project Lift-Off staffing, summer playground use, revision of the 1965-66 budget to include federal projects, purchase of two portable classrooms for Maryville high school, proposals involving a Mitchell school fence and Maryville school easement, and furniture, vehicle and supply bid awards.

Decrease in Venice Twp. Relief Caseload

March relief assistance in Venice township totaled \$2008 for 90 persons in 41 families, a monthly report showed today.

The figures show decreases from the February report of \$2885 for 98 individuals and 48 cases. Total aid for the first three months of 1966 is \$9478.

Hit-Run Accident

Mrs. Edith C. Shinko, 608 Kirkpatrick homes, told Granite City police that her auto was struck by another vehicle with a Missouri license plate at 7:54 p.m. Saturday near St. Clair avenue Nameoki road. She said the driver of the other car, who was leaving a liquor store parking area, stopped briefly, then drove away. A check on the license number is being made by local police. Minor damage was reported to the Shinko vehicle.

RC Cola Elects Glenn

Col. John H. Glenn Jr., a former astronaut, was elected last week as Royal Crown Cola vice-president for corporate development. It was announced today at the local RC Cola plant. First quarter earnings were announced as exceeding earlier projections.

Mrs. Grace Burns, 79, Dies Early Today

Mrs. Grace (Hanson) Burns, 79, of 1837 Third street, Madison, the mother of Granite City restaurateur, Charles "Bill" Burns, died at 2:25 a.m. today at St. Elizabeth Hospital. She entered the hospital three weeks ago after suffering a stroke.

Born in Litchfield, Ill., Mrs. Burns had resided for 23 years in Madison, moving to the community from Venice, where she had lived from an early age. She was a member of the Gold Star Mothers; Venice Women's Democratic Club; and Venice-Madison American Legion Post 307 Auxiliary.

Preceding her in death were her husband, John C. Burns, in 1943, and a son, Edward Burns, who was killed in action at two Jima, Feb. 21, 1945.

Mrs. Burns also is survived by a daughter, Mrs. James (Eleanor) Badley of Madison; four other sons, John D. and Emmett Burns, both of Livingston, Ill.; Donald Burns, Granite City; and Lawrence (Shorty) Burns, Madison; a sister, Mrs. B. F. (Della) Hayes, Los Angeles, Calif.; two grandsons, Larry and Robert Burns, who were reared from childhood by Mrs. Burns; 10 other grandchildren and 17 great-grandchildren.

Funeral arrangements are given in today's obituary column.

Auto Struck in Rear

An auto driven by Thomas E. Waite, Alton, was struck at the right rear as he was making a left turn. The other car was being driven by Kerry T. Green, 1848 Pine street. The accident occurred at 6 p.m. Friday at 20th street and Madison avenue.

The total tax was \$2935.50, and the balance due was \$895.50. Fraundorf at the time of his election said he would make public his income each year.

Fire Destroys Church In Eagle Park Acres

Fire of undetermined origin destroyed the Canaan Galilee Baptist Church in the 300 block of Allen street in Eagle Park Acres at 4:30 a.m. Friday.

Venice volunteer firemen answered the alarm but were unable to use a fire hydrant which was too distant. They prevented the flames from spreading to nearby homes. No estimate of the loss was available.

Car Window Broken

Robert Trower, 539 Washington street, Venice, reported to police Sunday evening that vandals broke the right rear window of his station wagon with a rock while it was parked at his home. The incident occurred between 9:30 a.m. and 5:30 p.m. Sunday.

18th-Benton Accident

Autos driven by Joseph L. Kinder, 3, of 2163 Lee avenue, and Walker, 1084 Poplar street, collided at 4:10 p.m. Friday at 18th and Benton streets as both were turning in opposite directions.

Quad-City Area Birthrate Down in 1st Quarter of '66

The steady decline in the Quad-City birthrate is reflected in the first-quarter report for 1966, compiled by Homer "Cal" Pendleton, city clerk for Granite City, who records the data for the entire area.

With the March birthrate of 88 new babies, the total for the

first quarter was 239, compared to 277 last year. The area's decline in births has been almost steady for the past decade.

The 88 babies born last month is the largest number for any month this year—83 in January and 57 in February—but is below the March 1965 birthrate of 96 babies.

The number of deaths occurring in the Quad-Cities also is down for the first quarter—110 this year, compared to 116 in the same period of 1965.

A compilation of first-quarter statistics for the past decade, listing the birthrate figure first and then the death rate total, follows:

1957-334 and 100, 1958-371 and 128, 1959-334 and 96, 1960-239 and 107, 1961-357 and 92, 1962-294 and 106, 1963-277 and 128, 1964-262 and 100, 1965-277 and 116, and 1966-238 and 110.

20th-Street Accident

Autos driven by Lula Gundlach, 2505 East 25th street, and William E. Monse, 2809 Harding avenue, collided at 11:30 a.m. Saturday at 20th and State streets. She was charged with failure to yield right-of-way and was summoned for a hearing by April 20.

Spring a Little Late?

Park District Readying 20 Diamonds for Start Of Busy Baseball and Softball Seasons

In spite of the frigid, not heralding April, there are definite harbingers of spring, and one is the busy activity of Granite City park district personnel now making ready the many playing fields to be utilized in this summer's baseball and softball programs.

The park district, under the supervision of director of parks and recreation Harold Brown, actually has the responsibility of maintaining 20 fields that are in high school and city field for the summer.

Eleven are for league activity and nine are practice fields. At Wilson Park there are two regulation-size diamonds with 90-foot base dimensions and five little league diamonds as well as the lighted softball diamond which is used by 35 teams a week.

Other Playing Fields
In addition to these diamonds the park district also maintains two at Marshall school and one each at Tri-City Park and Prather junior high school.

Heavy Equipment
The park district employs six full time maintenance men during the summer months, and in the initial phase of the district's preparation of the playing fields heavy equipment is employed.

"We would rather get some of this work of the diamonds completed in the fall," Brown noted, "and we did get part of it done but here we are again working in the spring." Brown said that while the men are now using a high lift, jeep, tractor and roller that once the initial work on the fields is completed the normal equipment employed during the summer are the jeep, truck and mowers.

The mixture used by the district personnel includes three

loads of dirt to two loads of sand. The dirt is obtained from the bluffs while the sand is purchased locally.

Use New Bases
The actual process at each diamond consists of rolling the fresh earth mixture, dragging it to a level texture and then the field is ready to be laid out as to the position of bases and distance between bases.

Brown explained that they discovered that the foam rubber bases used on all league diamonds now have actually resulted in a great savings over the straw sets formerly in use. "We have no rain problem with these bases," Brown said, "and we're actually getting up to six years' life out of these new bases."

A set of bases including home plate cost \$60, while the metal stakes used to anchor the bases sell for \$35 a set. Brown is discovering that with the longer life of the foam rubber bases the park is having only to purchase three or four sets a year, whereas players on one diamond often went through three sets of straw-type bases.

Individual teams furnish their own bats, but the park district does make baseballs and softballs available to the team. This year's order is to 100 dozen baseballs and 50 dozen softballs.

Large Enrollments
Brown is very enthusiastic about the way the summer baseball and softball program is shaping up thus far. "We'll have probably 70 or perhaps even 72 teams in the baseball program," he stated, "and we already have 30 softball teams registered and applications for five more."

As for the girls' softball, Brown was equally hopeful, saying that the district has heard from three girls' teams and one more distaff group would even out the girls' program. The girls would play on no. 7 diamond at 6 p.m.

The little league baseball program is divided up into five divisions Brown explained. Atom, for boys 7-8, providing they are

Trojans Down Dupo 4-3; Blast Out of Bat Slump

The Madison Trojans shook loose from their recent hitting slump to down the Dupo Tigers 4-3 Thursday afternoon at Dupo. Standout hitters for the Trojans were Greg Wasyiak, who was three for four, Jim Scott, who garnered a walk and was two for three, and Jim Witta, who also drew a base on balls and went two for three. Scott and Witta are new in the Trojan lineup and Coach Earl McClanahan seemed pleased with their showing Thursday.

Madison scored all but one of its runs in the top half of the fourth inning, adding the final tally in the seventh. Dupo spaced its runs, scoring once in the third, fourth and seventh innings.

"We thought we were in pretty fair shape going into the seventh," Coach McClanahan remarked. "We had a two-run lead. But the first Tiger tiger socked a home run." Things grew steadily worse for the Trojans as the Tigers loaded the bases with only one out.

Then a force play at home set the stage for Tom Williams to notch his fourteenth strikeout of the contest, and the Trojans had wrapped up.

The combination of Madison's sharp hitting and the steady pitching of Williams proved the difference. Williams walked six.

Flyers, Bulldogs Leading Warriors 3rd, Trojans 4th in League Baseball

The Easter lull in both the Southwestern and Midwestern conference baseball races affords a chance to review what has happened with the teams thus far and how this compares with pre-season predictions.

Among those sure to be wiping off their crystal balls for another look at things to come are those who forecast another repeat of the 1965 conference scramble between Granite City, Belleville and Alton.

Granite City, while impressive with its overall win and lost record of 84 with one tie, is nevertheless tied with Alton and Belleville for third place with a 2-0 conference record.

Less to Maroons, Tigers
Its two wins in the conference were at the expense of Wood River (7-0) and Alton (7-5). The two losses were to the Belleville Maroons (10-6) and Edwardsville Tigers (5-2).

The two teams that have the crystal ball gazers rubbing their eyes are East St. Louis and Edwardsville.

East St. Louis' Flyers, with four league victories have lost only to strong Edwardsville, by a 7-3 score. The Tigers are in second place with a 3-1 record, having lost to Alton by a 2-0 score.

Collinsville has been involved in three shutouts, winning one seven by May 1st; Bantam, 11-1; Midget, 11-13; Juvenile, 13-15; Junior, 15-17.

While Brown reports no shortage of players he did note that his program still requires two managers in the Midget division and two more in the Bantam section.

The park personnel are not unmindful of the boys too young to qualify for little league activity. Later on in the summer, baseball schools will be scheduled for boys ages six to seven.

The youngsters' baseball program will hear the familiar "play ball!" on May 16 but one of the most eagerly anticipated events in the park district's summer activity is the annual baseball parade on Madison avenue.

This is set for May 21 and definitely heralds in the summer sports season.

Cold Temperature Fails to Deter Easter Programs

Morning temperature of below freezing did not hamper Easter church-goers yesterday morning—not even the Lutheran Bureau's 6 a.m. sunrise service at Wilson Park.

The temperature at 6 a.m. was a low 31 degrees, but it was sunny during the early morning hours, becoming cloudy about 10 a.m.

The temperature went up to a 56-degree reading by mid-afternoon, and Quad-Cityans in spring finery were seen in every park. Vehicle traffic also was heavy during the day.

A light shower started about 9:30 p.m., and heavier rain fell this morning. Precipitation recorded at the gauge on the wall of the Chain of Rocks canal locks at 8 a.m. today was .56 inch.

Overweight Truck Charge

Merle Goodwin of Murphysboro, a driver for the Conner Lumber Co. at Benton, was issued an arrest ticket Friday by Madison police for operating an overweight truck in the 1300 block of Washington avenue.

Traffic Signal Charge

Mary F. Johnston, 1938 Grand avenue, was arrested at 1 a.m. Saturday on a charge of disobeying a traffic signal at Madison and Niedringhaus avenues. She was summoned for a hearing by April 20.

Trojan Thinclads Showing Form; Triangle Meet Set for Wednesday

Strong showings by Madison track standouts Ron Burt, Sam Jones and the well-meshed 880-yard relay team prevented Highland and Dupu track squads from completely running away with the triangular meet Thursday at Dupu.

Highland won the meet with a point total of 69. Dupu was second with 45, and Madison scored 34 points taking first in the 100-yard dash, 880-yard relay, 220-yard dash and shotput.

Coach Glen Pickering was quite enthused over the way the 880-yard relay team seems to have jelled. "The other two teams weren't even near us on this event," Pickering remarked, "and for this early in the season 1:37 is a very fast time."

Burt Grab 2 Firsts

Ron Burt grabbed firsts in the 100-yard dash with a time of 10.3, sailed through a 220-yard dash at a fast 1:22, came in fourth in the broad jump and anchored the winning 880-yard relay team.

Sam Jones ran a second in the 220-yard dash behind teammate Burt, took third place in the broad jump, fourth in the low hurdles and ran on the 880-yard relay team.

Ed Ingram, the big 230-pound

senior, easily took the shot put event with a toss of 42 feet, and Coach Pickering expects him to lash the shot put out to 48-50 within a short time.

Another good showing was seen in the performance of sophomore Alan Glasper who covered the 440-yard dash in 1:37.2.

"For this early in the year," Coach Pickering said, "this is exceptional. The boy's really fast."

The scoring is only slightly altered for the tri meets, going first-5 pts., second-3 pts., third-2 pts., and fourth-1 pt. In dual meets the scoring is, first place (5), second (3) and third (1).

"The difference," explained Coach Pickering, "is in the number of participants. In the tri meets, each team enters two men in the events which events finish out. In dual meets each team enters three men and you can actually be shut out of an event."

The Trojans host a triangular meet slated for Wednesday, pitting them against squads from Waterloo and Roxana.

Attacked in Store, Files Suit for \$35,000

A Granite City woman who was assaulted, raped and stabbed by a stranger while she was in the use furniture quarters, in a separate building at the Perdue Furniture store in Madison on Oct. 28, 1964, has filed suit against the store for \$35,000 in damages.

The complaint alleges that she was attacked by Robert E. Roach, then 21, of Madison, who was arrested and bound over to the grand jury on a criminal assault charge. He had been on her to the used furniture store where he had served one year of a one-to-five year sentence for permanent injuries.

Fender-Bender Mishap

Autos of Mildred Cumbs, 3006 Kirkpatrick Homes, and Larry P. Musser, East St. Louis, came into contact in the center of the street at 2235 Monroe street at 12:25 a.m. Friday, causing light fender damage.

forgeries and car theft on a case originating in Decatur.

The complaint alleges that the store management failed to exercise reasonable care so that the plaintiff would not be injured by not having adequate employees at the used furniture department, failing to accompany her to the used furniture store and failing to protect her from attack. She alleges severe and permanent injuries.

Negro Exposition To Be Held at YMCA

Two local industrial firms, together with the Granite City Army Depot, the cities of Madison and Venice and others, will exhibit displays in the "American Negro Exposition" to be held Thursday and Friday at the YMCA.

The educational public showing will illustrate contributions of American Negroes through literature, artwork and industry, highlighted with cultural and historical background material.

Other local groups arranging displays include American Steel Foundries; A. O. Smith Corp.; Madison post office and Eagle Park Improvement Association. Additional exhibits are to be displayed by national, state and county organizations and individuals.

No admission will be charged for the show which will be open for public inspection from noon to 5 p.m. and 7 to 9 p.m. Thursday, and from 1 to 10 p.m. Friday. Special entertainment is planned for Friday evening and refreshments will be served without cost.

Co-sponsoring the project locally are the Quad-City Ministerial Association, American Federation of Teachers Local 743 of Granite City, Fellowship of the Committee of the United Church of Christ, and the Steering Committee for the Formation of the Urban League of Madison and St. Clair counties.

Sponsors of the project emphasize its educational value as opposed to an inference of a civil rights promotion. The exhibition previously appeared in Alton, East St. Louis, Belleville and Edwardsville, with each community furnishing varied local facets of the show.

Dinner Honors MU Star

Gary Lane, Saturday

Gary Lane, All-Big-Eight quarterback for the University of Missouri last football season, was honored at a testimonial dinner Saturday evening, sponsored by members of Missouri University's Alumni Association from the Illinois area. He is the son-in-law of Mr. and Mrs. A. J. Mueller Jr., 1527 Lindell Blvd., who were among the guests.

Held at the Mineral Springs Hotel, Alton, the affair was high-lighted with an address by Jim Conzelmann, former coach of the Chicago Football Cardinals and Washington University.

The guest speaker paid tribute to Lane, former high school star at Wood River, who has signed to play professional football with the Cleveland Browns of the National Football League.

Auto Strikes Tree

An auto driven by David Gitch, 8 Frontenac lane, left the pavement, went out of control, skidded about 75 yards and struck a tree as he was trying to avoid a truck which was stopped to make a left turn in the 2400 block of East 23rd street at 1:50 p.m. Friday. He said part of the truck was in his lane.

Nonn Denies Part In Ouster Move; Barton Pay Intact

Fifth Ward Alderman Walter Nonn of Granite City denied Thursday afternoon that he played any part in a reported move to ouster William Scholty at the annual Granite City township meeting last Tuesday. Political sources had reported Nonn involved in such an effort which is said to have been abandoned when Nonn failed to win election as moderator at the opening of the town meeting.

"There is no truth to any report like that," Nonn said. "There was no such move that I know of. I told Scholty before the meeting started that I was not trying to move him out of the job. I also told that to Bill Beatty (William Beatty, law office associate to Scholty) before the meeting." Beatty was elected moderator over Nonn in a show-of-hands tally as the meeting got under way.

No Cut for Assessor
The town meeting featured an hour and a half fight over the expense account of James Barton, Granite City township assessor, who will continue to receive \$200 a month in expenses to make up a deficiency in a \$9000 per year salary allowable under the law.

An attempt to eliminate the additional expense account, in excess of the regular \$50 per month, was defeated by the voters. A move to trim Barton's expense account by \$400 to bring it in line with the total of \$900 in salary. This motion also lost and the budget was approved as drawn leaving the total expense account at \$2400.

Rides Up New Arch May Start in July
Rides up the Gateway Arch may start in July, provided the National Park Service in Washington agrees to a new contract to step-up the work. The present agreement permits Hiel Steffen Construction Co. to work on the system until Oct. 17.

Col. R. E. Snyder Jr., Bi-State executive director, said Friday the federal agency is being asked to expedite the proposed new contract so that the transportation system in the north leg of the arch will be in operation to carry an estimated 1700 passengers a day to the top during July and August.

The step-up would cost an added \$97,000, but revenue is expected to offset the extra amount.

Map Program for SIU Campus Dedication
Plans for the dedication program for the Southern Illinois University-Southwestern Campus at Edwardsville, scheduled on May 13, were discussed in a noon luncheon meeting Friday by the SIU-Liaison Committee of the Tri-Cities Chamber of Commerce.

Howard W. Kaseberg, vice-president of the Chamber presided over the meeting in the absence of Harold R. Fischer, committee chairman, who was in Chicago attending a meeting of SIU trustees. Friday's meeting was held in the Elks Club. Detailed plans for the dedication are to be announced later, Kaseberg said.

Florida Hitchhiker Reports Kidnapping

A Florida man, who was hitchhiking home from St. Louis with his 18-year-old wife, reported to Venice police at 1:30 a.m. Saturday that his wife had been kidnapped.

Glen Johnson of Miami said he and his wife, Barbara, who had been visiting relatives in St. Louis, were given a ride across McKinley Bridge, and the motorist drove along county road. The driver stopped to turn around and asked Johnson to get out to make sure the trunk lid was latched.

As Johnson got out, the motorist drove off with Mrs. Johnson. The car was a 1961 or 1962 red and white model, and Johnson described the driver as being Mexican.

He walked to the police station to make the report. Johnson told police he had hitchhiked to St. Louis from Florida to get his wife and was taking her home. He had no money and said neither he nor his wife had any luggage. He was wearing a white jacket, yellow trousers and black slacks.

Police are endeavoring a further investigation before referring the incident to the FBI.

60 Cents an Item Cost to Pick Up Highway Debris

Cleanup crews numbering 3,500 men are now driving Illinois state highways their annual spring "facelift." They will use 1200 trucks and other equipment to clear the 15,000 miles that will get the beauty treatment during April.

From this mileage the "beauticians" expect to remove about 2,000 tons of debris such as beer cans, soda bottles and various types of picnic supplies, etc., averaging a ton and a half per mile.

Francis S. Lorenz, director of the Illinois Department of Public Works and Buildings, said that maintenance engineers now figure the cost of picking up a discarded beer can, bottle or other type of container along an Illinois highway at 60 cents per item.

Calling All Home Makers

By AARON FREDMAN
WE ARE NOW GOING THROUGH A NEW ERA IN HOME DECORATION

During the last few years there has been a quiet revolution going on in the furniture and decorating business concerning the proper way to furnish a home.

In the past anyone could buy a book on decorating and follow the rules concerning what goes with what, which colors may be used together, how to recognize and use different periods of furniture, etc.

While there are still many such books, and while they still contain much that is helpful, there have been vast changes in the thinking of professional decorators and furniture store personnel.

More and more people are disregarding all of the old rules.

Does green go with blue? Does orange go with yellow? Does Early American go with Contemporary? Many of the old rules said "no" to questions like these. Now, however, the answers may well be "yes." There are new exciting ideas and concepts in decorating. There is more emphasis today on furnishing a home with individuality rather than furnishing it like all other homes.

It's an exciting time in home decorations, and we invite you to come in and share in this excitement—come in and see all the new trends, the new colors and color combinations... and the new ideas. And then you can enjoy the thrill of starting to furnish your home in beautiful new ways.

Other New Businesses In Pontoon Village

Recent opening of Don Mettler's barber shop, 415 Pontoon road, increased the number of new businesses to four within Pontoon Beach village limits since its incorporation in 1963.

A village resident informed the Press-Record. In addition, three other new firms are expected to open in the next two weeks.

The latest addition is the first barbering service to be located in the community for nearly two decades. Two other businesses scheduled to open in the same building are the Julian Wallace Real Estate Co., and the Statco Insurance Agency.

The third firm, Grady Sewing Machine Center, a repair and sales company, shortly will open up at 4147 Pontoon road.

Other businesses to locate in Pontoon Beach within the past two years, include a Certified Welding Service, 4225 Highway 111; Dale Realty and Construction Co., Marigold avenue; Southwestern Bell Telephone Co., building on Pontoon road; and Aquas Marine Sales, a Duo boat dealer, 4227 Highway 111.

Recently, a permit was issued by state authorities for construction of a service station at the intersection of Highway 111 and Pontoon road. However, a building permit has yet to be granted by the village board of trustees.

Calling All Home Makers

By AARON FREDMAN

WE ARE NOW GOING THROUGH A NEW ERA IN HOME DECORATION

During the last few years there has been a quiet revolution going on in the furniture and decorating business concerning the proper way to furnish a home.

In the past anyone could buy a book on decorating and follow the rules concerning what goes with what, which colors may be used together, how to recognize and use different periods of furniture, etc.

While there are still many such books, and while they still contain much that is helpful, there have been vast changes in the thinking of professional decorators and furniture store personnel.

More and more people are disregarding all of the old rules.

Does green go with blue? Does orange go with yellow? Does Early American go with Contemporary? Many of the old rules said "no" to questions like these. Now, however, the answers may well be "yes." There are new exciting ideas and concepts in decorating. There is more emphasis today on furnishing a home with individuality rather than furnishing it like all other homes.

It's an exciting time in home decorations, and we invite you to come in and share in this excitement—come in and see all the new trends, the new colors and color combinations... and the new ideas. And then you can enjoy the thrill of starting to furnish your home in beautiful new ways.

So, remember, when shopping for decorating and sales staff here at Fredman Bros., Furniture, 19th & Delmar, in Granite City, we are always ready to serve you. We are open Monday, Thursday and Friday night until 9:30 p.m., other nights until 8:30 p.m.

GCHS Concert Band to Play At Bach Festival on Friday

At the invitation of the Bach Society of Greater St. Louis, the Granite City high school concert band, under the direction of Louis B. Meek, will perform Friday, at the 26th annual Bach Festival presentation, "The Passion According to St. Matthew," at the Kiel Opera House, St. Louis.

William Heyne, festival conductor for the 26th consecutive season, issued the invitation after the band students impressed him with their musical ability during a concert he attended. The local musicians will open the program at 7:45 p.m. with a selection of famous chorales composed by Johann Sebastian Bach. The chorales, multi-voiced tunes, were written originally in the 17th century for presentation in the church.

The "St. Matthew Passion" will feature the St. Louis Symphony Orchestra, the 100-member St. Louis Bach Festival Chorus, the St. Louis Lutheran Children's Choir and soloists, Jennine Crader, soprano, Bruce Foose, baritone, Mary Burdette, contralto, Malcolm Smith, bass, and Leslie Chabay, evangelist.

Relating the events of Holy Week through the eyes and voice of Christ, the epic composition was written to depict the suffering and grief of Christ and his disciples during the week preceding his death and recounts the joys of the Resurrection.

Chorales to be played by the local band students, include "Aria," "H. Thou Be Near," "Jesu Guard and Guide Thy Members," "To Christ Our Peace Is Ours," "Come Down Has Come Down to Us," "Jesu! Who in Sorrow Dying," "Thou Prince of Life, O Christ Our Lord," "They Truly Which Never Varies," "Sleepers Wake, A Voice is Sounding," and "Alleluia, We May Be Filled with Gladness."

Students to Perform
Students selected to perform are Cathy A. Zenk, Nancy L. Zang, Cathy L. Yeager, Douglas E. Winter, Marvin Wessell, Michael Weiler, David E. Weiss, Marilyn Weckman, Dolores D. Ward, Richard B. Household Employees Must File Tax Form

Jay G. Philpott, district director of internal revenue for central and southern Illinois announced this week that butlers, maids and other household employees, presently not subject to income tax withholding, may be required to file declarations of estimated tax.

While domestic workers do have social security taxes withheld by employers, the present law has no provision for withholding income taxes.

Two Divorce Decrees Granted in Court Here

Two divorces were granted to Granite City area couples Thursday by Associate Judge Austin Lewis in the local division of circuit court. Granted decrees were:

Anna M. Taylor from William E. Taylor. They were married Nov. 8, 1963, and separated March 1, 1965. Desertion was charged. Her former name of Anna M. Horn was restored. Louise Couch from Stuart Couch. They were married Sept. 17, 1954, in Providence, R. I. Desertion was charged. Custody of three children was awarded to the mother, and the father was ordered to pay child support of \$60 every two weeks.

Local Manufacturer To Dissolve Company

Principals in the J&A Manufacturing Co. of Granite City filed an intent to dissolve with the secretary of state's office in Springfield last week.

Speaking for executives of the company, engaged in the manufacture of salad dressings, Rene Flecken, 2858 Washington avenue, said that production costs had forced them into the decision to close down the operation.

MORE ABOUT Bus-Fare Zone

Persons using the transit system north and east of Madison and Nameoki, including the Puntown Beach and Mitchell areas, will be subject to a 5-to-7½-cent zone increase, with two tokens to be issued for 15 cents. If tokens are not purchased, the charge per zone will be ten cents.

New "Gold" Passes
To ease the impact of the proposed increase for the regular rider, transit company authorities explain, a new "Gold" pass at \$4.25 per week, will be available, good for unlimited rides in these areas, as well as in the central fare zone. No additional charges for transfers or zone changes will be made for "Gold" pass purchasers from the existing Quad-City area.

The present \$3.50 weekly pass riders will have an increase of 25 cents per week. Col. Smyser said that since earlier studies made by the company show an average of 17 rides per week by pass users in the central fare area, including the Tri-Cities, a 25-cent ride will increase only 1½-cents from 20.8 cents to 22 cents.

Also in view of the proposed transfer charge of five cents, the pass user who transfers or who rides express busses will have a discount of 35¢, or pay 22 cents per ride, versus 35 cents, available to him on the basis of 17 rides per week.

Increased Labor Cost
The agency executive said the transfer charge of five cents, the pass user who transfers or who rides express busses will have a discount of 35¢, or pay 22 cents per ride, versus 35 cents, available to him on the basis of 17 rides per week.

Included among the proposed economy moves are: combining services where both express and local lines operate in outlying areas, thus offering improved vehicle frequency and at the same time reducing the number of vehicles required in the consolidated operation; realignment of certain routes to eliminate excess cuttings and reduce travel time; possible curtailment of some late-night and Sunday operations. The latter, the report said, have shown a revenue drop of \$7000 within a three-year period.

Col. Smyser pointed out that the transit operation already had a cumulative deficiency in its fund requirements under the Trust Indenture, securing revenue bonds, of over \$800,000.

No specific routing modifications were announced at the meeting. When asked if the basic 30-cent fare rate was liable to be raised in the immediate future, Robinson replied that the spiraling costs in operation will have to determine this question at a later date. He added that a new mass transit system to replace buses was not in the foreseeable future for the two-state metropolitan area.

Asked if a public hearing is proposed on the rate changes, Col. Smyser said that if public officials request a detailed explanation of the proposal, the Bi-State officials would be available to discuss the recommendations.

The dual approach to the problem is being recommended after intensive study by the transit system authorities and the consulting engineering firm of W. C. Gilman and Co., New York. It was explained. The official report made to Bi-State commissioners Thursday evening recommended a moderate adjustment of the fringe and bargain rate fares, accompanied by the inauguration of promotional rate features aimed at increasing transit patronage, plus the institution of operating economies over the next 12 months.

Fringe Area Adjustments
Other adjustments in fringe fares recommended, include a park-ride roundtrip rate, from 35 to 60 cents; elimination of the downtown ten-cent fare; an increase in the surcharge on the \$2 weekly student pass use at other than school hours from 5 to 10 cents; and a limited zone pass, \$2.50 weekly, for the Belleville and Alton area.

In order to hold the proposed fare increase to a minimum, and at the same time restore the financial stability of the system, S. Carl Robinson, transit system administrative officer, said that the report also recommends certain long-range economies to be achieved by the realignment of certain routes, modification of some operating practices and curtailment of little used services.

St. Louis Support of Big Lewis And Clark Park No Longer Mystifying

The keen competition for industrial growth sometimes takes devious forms.

There is, for example, the current move for a Lewis and Clark memorial park in Madison county opposite the confluence of the Mississippi and Missouri rivers. No one seems to be against such a park; the disagreement is over whether it should be something around 50 acres or 1,000 acres.

Madison County may have been mystified by the unusual interest exhibited by St. Louis newspapers, the city of St. Louis and the St. Louis Chamber of Commerce in behalf of a 1,000 acre park. They no longer need be.

A recent news article in a St. Louis newspaper reported that a "renewed effort" is to be made for federal funds to provide flood protection at Columbia Bottoms, comprising about 4,000 acres and owned by the city of St. Louis.

If these St. Louis interests can "help" Madison county get a 1,000 acre park, they will kill two birds with one stone. First, this size will effectively seal off from river shipping 9,000 acres of prime industrial land in Illinois (already bought or optioned for this purpose). Second, the 16-year old St. Louis plan for industrial development of Columbia Bottoms, possibly only if there is flood protection, has a much better chance than getting federal tax monies.

Columbia Bottoms is worthless without flood protection and too costly to develop without millions of dollars of taxpayer money. Including ours. Even with federal aid, the acreage cost would still be much higher than in Madison County; this, of course, would be overcome by "bidding" up the big park that blocks access to the river and renders almost completely useless the 9,000 industrial acres.

In effect, the St. Louis groups would give us the park and take the jobs. We don't blame them for trying, but we do think they should consider not at our expense. And, since the exact site of the Lewis and Clark expedition "jumping off" place is obscured by the years, it could just as accurately be established at Columbia Bottoms.

For those who are properly concerned about adequate flood protection, the Lewis and Clark memorial park is a good idea. It would serve Madison County families, we call attention to the efforts of the official Horseshoe Lake Park Commission, appointed by the governor, which has been trying for years to provide 7,000 acres of flood facilities at the nearby lake. The commission would welcome their help.

New County Liquor Ordinance Proposal Sternberg Main Speaker for To Be Toned Down Boy Scout Organizing Dinner

A new, toned down county liquor ordinance is to be drafted by the county board of supervisors last month.

Bartylak to replace a controversial measure which was tabled by the county board of supervisors last month. Authorization for the new measure was granted at a meeting of the county board of supervisors last month. The ordinance was tabled Thursday at Edwardsville. It is designed to regulate taverns in unincorporated areas of the county.

Bartylak suggested that he bring an ordinance more acceptable to the sheriff's office, ministerial groups and tavern owners, one which would have reasonable assurance of adoption by the board of supervisors.

Sheriff Barney Fraundorf agreed that some provisions in the tabled ordinance, as well as the licensing of liquor licenses, applications could be omitted; but felt that the new law should "have teeth" in enforcing closing hours.

It was suggested that the new ordinance be drafted to allow tavern owners to clear their own records for presentation to the closing hour. Fraundorf also agreed to this.

Bartylak said he would have a rough draft of the compromise ordinance ready as soon as possible for consideration of Harold Landels, liquor commissioner and the committee, but that the completed version would not be ready for presentation to the county board at its April 20 meeting.

Meanwhile, the Quad-City Ministerial Alliance has joined other such groups in the county in endorsing adoption of the tabled ordinance. The alliance adopted a resolution prepared by the Christian Education Committee of the Alton Presbytery.

Citizen Action Getting Results On Maryville Railroad Crossing

The effectiveness of aroused citizen action was demonstrated again last week at the local hearing on the perilous Maryville road railroad crossing.

Two Illinois Commerce Commission representatives said they were convinced by the evidence and will recommend an ICC citation for immediate installation of warning gates and lights. Depending on how many years are considered, the Maryville road crossing near Route 203 has been the scene of, as many as several dozen fatalities.

Because of the great value of each life, a halt must be called—regardless of the cost of signals and regardless of the plan for future relocation of the crossing.

Bigger Scope For 'Clean Up, Fix Up' Drive This Spring

The ambitious "clean up, paint up, fix up" drive May 8 to May 14 can have dividends far beyond the specific improvements carried out during those two weeks.

We hope year-around community-wide interest is generated because a healthy, clean community is of great importance to everyone—and can only be achieved through teamwork.

Judging by the plan for painted utility poles and other changes along Broadway, the cities of Madison, Granite City, Pontoon Beach and the Mitchell area are going to have their work cut out for them to top Venice in the remodeling-beautification campaign.

Chance to Avoid Differing Illinois, Missouri Time

St. Louisans who unsuccessfully sought to block a U. S. daylight saving time law are now on the right track.

With the 1966 law requiring April-to-October "fast time" next year in states except those which specifically ban it statewide, it had been feared that the rural-dominated Missouri legislature might adopt such a ban. As a consequence, there was strong Missouri opposition to the Congressional bill, ignoring the many advantages of national time uniformity.

The new track being taken is to encourage support of daylight time throughout Missouri, and survey taken in 11 outstate communities indicate much more sentiment for fast time than had been expected.

The current St. Louis effort is successful. Quad-Cityans, who are certain to retain the hour-ahead summer season time, will not have to contend with the confusion of a differing time zone across the river.

Encouraging Turnouts at Annual Township Meetings

The large turnouts at two of the Quad-City area annual town meetings last week were encouraging, indicating that citizens can and will fulfill their duties when sufficiently motivated.

The Venice and Chouteau township meetings drew smaller crowds, though. The meetings in Granite City and Nameoki townships, but also have had overflow attendance in certain past years.

Better government can be the result if citizens get in the habit of attending such meetings, even when there is no major controversy. Now that the Granite City session as well as the Nameoki township meeting are to be held in the evening, there will be an opportunity for even greater public participation, if a larger Granite City meeting place is designated.

Ironworker Hurt In 10-Foot Fall

An ironworker, Russell Maxwell, 55, of O'Fallon, suffered a fracture to his right foot Friday morning when he fell 10 feet from scaffolding and landed on the roof of the motor room building under construction at Granite City Steel Co.

Maxwell, an employee of Meats-Wilber construction firm, was taken to St. Louis and held at a hospital where a cast was applied and he was admitted. He was at work on a ventilation fan building when the mishap occurred.

TAVERNS PROVIDE MANY COUNTY TAX DOLLARS

To the Editor:
As a tavern owner in Madison county, I want to call some interesting facts to your attention and the attention of your readers, if you wish to publish this letter, and to the attention of the Board of Supervisors of Madison county.

As you know, our county is not in the best of financial condition. Despite this fact, certain elements in the county have joined forces to severely hamper an industry which contributes substantially to the financial well-being of our county, namely the liquor industry.

I want to quote figures to you, which you can verify through your own resources if you desire, or anyone reading this letter can. There are about 125 taverns in Madison county making an average of \$8000 per month, or total sales of about \$750,000.

About 85% of the sale price and total sales goes for taxes, or about \$217,500 of the \$750,000 for taxes.

Madison county receives the half-percent sales tax on sales of \$750,000 per month, or about \$1875 going directly into the Madison county treasury.

Each tavern pays a county license of \$300 per year, which is \$37,500.

Each of these taverns has at least one juke box which pays a license fee of \$25 per year, or \$3125 into the Madison county treasury.

These above items do not include hidden taxes paid, such as equipment sales tax on refrigerators, ice boxes, furniture, etc., when purchased.

Furthermore, nothing has been included to show personal property taxes or real estate taxes paid by these taverns, which I would venture to say amount to at least \$50,000 per year.

Citizen Interest Called Essential

Local government, if it is to be strong and efficient, demands the attention of the people. The Taxpayers' Federation of Illinois stressed today.

An example cited was the annual town meeting, held in townships this year April 5. Most such meetings in this area were well attended by taxpayers.

At these meetings, budgets and programs are adopted and tax levies are passed which affect the entire township.

The state taxpayers' federation has long advocated and promoted the township meetings to improve the services and administration of local government.

Such improvements can only come about by the people taking an active part; a federation spokesman commented.

Local Government Growth
"While, for the most part, we are cognizant of the growth of the federal government, it is closer to home where there has been a greater growth of new offices, governmental units and districts."

"According to statistics published by the Bureau of the Census, U. S. Department of Commerce, public employment has increased each year during the last 18 years, with the significant increases occurring in state and local governments."

As October 1965, there were 10.6 million civilian public employees, which represented an increase of 525,000 employees in one year. Of this number (10.6 million), state and local governments accounted for 8 million employees in contrast to 7.5 million for the previous year.

Since 1945, there has been an increase of 250% in state and local government employment while there has been only a 30% increase in federal government employment for this same period.

October 1965 figures show local government employment in Illinois to be 3,818,000, broken down as follows: counties, 23,028; municipalities, 80,300; townships, 11,500; school districts, 157,500; and special districts, 37,028.

Deserves Attention
"It is easy to understand from these figures the importance and position of local governments, the TFI said."

"Local government is important and deserves the attention of the people. Its effectiveness, to a large degree, depends upon the development and use of sound administrative procedures and sound financial policies."

"Such procedures and policies can only be improved by the people displaying a cooperative interest in local government. Attendance and constructive participation in public meetings is a good place to start."

Madison Annets Donate \$500 for School Shades

Thirty new window shades purchased by Madison Annets Post 204 for \$500 have been installed at Madison high school, it was announced at a post meeting Thursday night.

It was reported by Vasil Gravello, public relations officer, that veterans with at least one day of active service after Jan. 31, 1965, and with a discharge other than dishonorable, may now join the Annets and are to be known as "old" veterans.

Sam Boshoff, finance officer, reported that \$50 was donated to the Annets bowling league for an annual party at the end of the league season.

Edward Uherich, adjutant, told members the post adjutant awards were given to Madison high school students in May.

Stanley Krakowicki, chair vice-commander, reported on an increasing membership and urged all members to attend all meetings held on the first and third Thursdays of the month at the Polish hall. He also discussed the new Annets memorial in Madison.

Pavement Woe—Mishap

An auto driven by Dillard R. Mischel, 2900 Grand avenue, which was stopped to make a right turn on a street at Madison avenue, was struck in the rear by another driven by James R. Disler, 1815 Ferguson avenue, which was held on wet pavement at 7:10 a.m. Friday.

405 Quad-Cityans on State Payroll in 1965 Earned \$1,220,306

Slightly over 20% of the 2120 Madison countyans on the state payroll during 1965 resided in the Quad-Cities area, according to a report compiled from the records of Michael J. Howlett, auditor of public accounts.

The 405 Quad-Cityans employed by the state earned \$1,220,306 last year, while the total payroll for the county amounted to \$7,121,525.

On the listing of state payroll-ers was a large number of student workers at the state universities. Among the larger salary earners were the circuit court judges, and the top salary for a Quad-Cityan went to George Moran, appellate judge, who received \$24,500.

Increase in the number of Madison countyans—and also Quad-Cityans—on the state payroll in 1965 over 1964 was noted. In the Quad-City area, there were 47 additional state employees last year, and the payroll was up \$207,278 over 1964. The totals in 1964 were 388 Quad-Cityans on the payroll, \$1,012,938.

Countywide, the number of state employees was increased by 214 in 1965, and the payroll total went up \$858,805.

A listing of Madison countyans who worked for the state in 1965 follows:

Clarence H. Achors, Apt. 22, Venice Homes, highway hourly worker, \$1488.

Norman Theodore Adams, 500 Main street, Venice, highway hourly worker, \$39.

Vernon Milton Adams, 829 Jefferson street, Madison, agriculture laborer, \$150.

Considering air conditioning?

Let us help—no charge

For many businessmen, summer doldrums are a thing of the past. That's because they've air conditioned their place of business.

When the mercury soars, shoppers seek out the air conditioned stores. They shop longer, buy more.

With air conditioning, employees don't fall into a "summer slump". (And don't start looking for jobs in a place that is air conditioned.)

Like some straight advice on air conditioning? The place to call is Illinois Power. Our Commercial Representative can help you in selecting a qualified contractor. His experience can guide you in the types of installation you should consider. And he'll give you the facts about operating costs.

There's no charge, no obligation for our Commercial Representatives' services. Just give us a call.

IT'S OUR BUSINESS TO SERVE YOU BETTER
